[www.polandtastesgood.pl](http://www.polandtastesgood.pl)

NATIONAL SUPPORT CENTRE FOR AGRICULTURE (KOWR) is a state-owned institution supervised by the Ministry of Agriculture and Rural Development. It was established to support agri-food producers and exporters and the development of innovative agriculture as well as to improve the quality of life in rural areas. The role of the KOWR is to build a positive image and recognition of Polish agri-food products abroad under the slogan “POLAND TASTES GOOD.” The KOWR supports Polish entrepreneurs in the agri-food industry in their efforts to expand into new markets by organizing trade missions and national stands at foreign food fairs.

## BALVITEN GLUTENFREE

[www.balviten.com](http://www.balviten.com)

BALVITEN GLUTENFREE is the biggest gluten-free bakery in Poland and one of the biggest ones in Europe. Since 2007 our mission is to provide people who have to or want to follow gluten-free diet with products of the best quality.

Our range includes breads, rolls, pastas, biscuits, cakes, snacks, breakfast cereals and flour mixes for baking. As a response to the needs of customers and following nutritional trends we created special product lines: with no added sugar, low carb (KETO) and high protein.

Our products are comparable to conventional foods when it comes to the taste and texture and are suitable for vegans and vegetarians.

We are constantly searching for new solutions and recipes to expand our assortment.

We are using modern technologies to manufacture high-quality and state-of-art products. All our products are fulfilling all the requirements of international IFS and BRC certificates.

## EUROWAFEL

[www.eurowafel.pl](http://www.eurowafel.pl)

EUROWAFEL is a company with over 35 years of tradition. We have been operating on the Polish market since 1984. We use traditional and proven recipes. We constantly implement new products based on the latest market research and cooperation with various research institutions. Our production takes place in a modern plant that guarantees very high quality.

## FRANK&OLI

[www.frankoli.com](http://www.frankoli.com)

FRANK&OLI We firmly believe that there's a reason for everything and our actions not only affect us, but everyone around us as well as the world we live in. Our common goal is healthy eating and staying fit for excellent well-being. Our products are based on a balanced diet that is also sustainable in terms of the impact on the surrounding world. The philosophy underpinning our products is "you can have it all". In other words, it is a philosophy that makes our products fully beneficial. They are rich in dietary fiber, natural minerals and vitamins, and also completely free from palm oil, glucose-fructose syrup, gluten as well as artificial colors, flavors and preservatives.

## GRAN-PIK Liwocz

[www.gran-pik.pl](http://www.gran-pik.pl)

GRAN-PIK Liwocz is a company composed of two different product brands:

- “GRAN-PIK” represents our traditional confectionery such as cookies and snacks, which have been produced since 1980,
- “Liwocz” refers to our factory with 67 years of experience in the production of handmade lollipops and candies.

Our company constantly works on new products to satisfy all customers’ needs. Our main goal is to produce high-quality confectionery. Big part of our assortment is still handmade with passion and great skills of our experienced employees. Two factories with frequently modernized production lines are located in Brzozów and Jasło. Our company fully complies with HACCP rules. A wide variety of confectionery is being delivered to 40 countries on 4 continents.

## MANUFAKTURA CZEKOLADY

[www.manufakturaczekolady.pl](http://www.manufakturaczekolady.pl)

MANUFAKTURA CZEKOLADY is one of the few companies in the world that actually make chocolate directly from cocoa beans. At our chocolate manufacture we ensure top quality at each stage of the production process. No preservatives, processing aids or soy lecithin are added to our products, so their taste is unique. Our bars are made using carefully selected cocoa beans that originate from different parts of the world. Manufacturing of real chocolate is a long and complex process that involves many people. It all starts with farmers. We try to reach them directly, which enables us to make direct relationships and take part in the process of selecting beans already in plantations (Direct Trade).

Next stages of the manufacturing process such as roasting, grinding and forming the chocolate bars take place at our workshop in Łomianki near Warsaw. Our company is also certified with IFS, Organic and Vegan Society.

## ME GUSTO

[www.superfudgio.com](http://www.superfudgio.com)

ME GUSTO is a producer of organic and “free-from” sweets. Our product range includes fudges made of coconut sugar and coconut powder, naturally sweetened wafers, cookies and chocolates, breakfast cereals with nut cream, as well as products sweetened with erythritol. Our products do not contain palm oil and artificial additives. Most of them are also gluten-free.
